K-One's participation in IFSEC Southeast Asia 2017

The Security, Fire and Safety Exhibition and Conference (IFSEC) Southeast Asia kicked off on the 6 - 8 September 2017 at the Kuala Lumpur Convention Centre (KLCC). The world's leading security, fire and safety event showcased over 350 companies and brands from 42 countries, including K-One's security initiative through its subsidiary - BigAnt.

BigAnt's participation was timely as it was a perfect platform to seize business opportunities and also to showcase our unique product – the BigEye Patrol. BigEye Patrol is a patrol management software that works in conjunction with the relevant hardware which manages security patrol through web and mobile technologies.

The event was graced by YAB Dato' Seri Ahmad Hamidi, Deputy Prime Minister of Malaysia and many visitors from near and far which includes neighbouring countries such as Thailand, Indonesia, Singapore, Vietnam, China, India, etc.

Opening ceremony in Plenary Theatre.

*All smiles from the BigAnt team on the first day.*

Tour around the exhibition by YAB Dato' Seri Dr. Ahmad Zahid Hamidi, Deputy Prime Minister of Malaysia.

*BigAnt's booth was seen filled with curious minds*

Throughout the event, BigEye Patrol managed to gain tremendous interest from various types of industries, in particular the security service and security equipment companies.
