KENDURI K-ONE: CELEBRATING 2022'S SUCCESS AND A TOAST FOR 2023!

The COVID-19 pandemic has caused untold miseries, inflicted millions of premature deaths and wreaked economic havoc the world over in the last three years (2020 -2022). As the world and Malaysia gradually return to some form of normalcy at the beginning of 2023, K-One took the opportunity to gather its staff together, in particular the manufacturing staff to kick-start 2023 with a kenduri – Malaysian style. The kenduri is also to mark K-One having navigated through the COVID-19 pandemic unscathed, with its business sustained despite facing various lockdowns and a myriad of challenges. It has emerged stronger and is prepared to weather the anticipated economic storm ahead as its spirit of steel has been tempered by the pandemic.

The kenduri was held on 9 January 2023 at our main plant in Ipoh. Our K-One social committee put in the extra mile to organize the kenduri which was attended by the management, executives and manufacturing staff totalling about 300 participants. Yummy food was served buffet style for lunch. Subsequently, the Senior Management was delighted to present productivity related awards for outstanding work to 20 selected production staff. This was followed by the most exciting part of the afternoon ie giving away of 72 lucky draw prizes to the lucky winners selected by balloting. All staff went away with a great smile of satisfaction as the get together was itself an inspiration for a better tomorrow after almost three years of pandemic induced restricted-contact.

Celebrating passing of 2022 and new hopes for 2023!.

A toast for a new beginning in 2023.

"A smooth sea never made a skilled sailor," Franklin D. Roosevelt once said. As we march into 2023, we are positive that it will be an even better year for K-One, with our optimism and focus to grow in the EMS, Cloud and Healthcare businesses.

Captured moments from Kenduri K-One

Our 3 dedicated ladies who worked tirelessly to ensure the event was a success and there was enough food for everyone.

Queuing for a bowl of icy-cold cendol on a sunny day.

Mouth-watering appetiser.

Although hungry, queuing patiently for buffet meal.

Our young and dedicated powerhouse from production floor.

Most popular stall – SATAY!!

Our CEO Dato' Martin Lim together with staff busy savouring the delicious food.

All eagerly waiting for their names to be called for lucky draw prizes.

One of the recipients of the Best Employee Award.

Lucky draw second prize winner.

Excited crowd and our cheerful emcee.

Grand prize winner for lucky draw.
