

## ESG Training & Adoption – The Way Forward

Environmental, social and governance (“ESG”) has gone mainstream and is a growing trend around the world. In September 2022, Bursa Malaysia announced a phased approach to implement enhanced Sustainability Reporting Framework for all public-listed companies.

As a progressive EMS, Cloud Computing and Healthcare provider, K-One fully recognises the importance of sustainability and how it creates positive impact in delivering long term value to all its stakeholders. Towards this end, on 24 to 25 July 2023, its ESG Working Committee hosted a 2-day ESG training for 15 selected participants in its Ipoh plant.

The said training was conducted by Ir Associate Professor Ts Dr Leong Kah Hon who is Deputy Dean of the Faculty of Engineering and Green Technology in Universiti Tunku Abdul Rahman (UTAR). The selected attendees comprised of heads and representatives from various departments, viz business development, project, materials, engineering, people, finance and IT.

As a responsible corporate citizen, K-One has always been geared to embrace good ESG practices in all facets of its business. The said training serves as a refresher in reinforcing our role in addressing climate change, social inequality and strict governance for long term sustainability.

In essence, the key learning subjects of the ESG training were as follows:-

### Day 1 - ESG and the Way Forward

- 17 SDG Goals, Evolution of ESG and Latest Bursa's Requirements
- Benefits of Implementing ESG in a Company
- ESG Implementation and ESG Reporting
- Case Study – ESG Framework

### Day 2 – Strategies for Effective GHG Emission Management

- ESG Reporting and ESG Rating
- Corporate Sustainability Report and GRI Standards
- GHG Emissions – Scope 1, 2 and 3
- GHG Emissions – GHG Protocol, GHG Inventory and Carbon Assessment
