## K-One Lending a Hand to Ipoh Couple's Dedication to Rescuing Cats.

In the heart of Ipoh, an inspiring couple has devoted their lives to rescuing stray and abandoned cats, creating a haven for our feline friends. The husband, a retired police officer (Salim) and his wife (Ramlah) built a sanctuary for these cats, making their welfare a life mission. Together, they established a non-governmental organisation called “Persatuan Prihatin Kucing Jalanan Ipoh, Perak”, with their friends and family that share the same passion.

The couple's shelter currently houses around 150 stray cats, providing them with care, love and a safe environment. The cost of maintaining this sanctuary is approximately RM1,000 per month. Despite the challenges, the couple's unwavering commitment to their mission has never faltered.

Upon learning of their inspiring deeds, K-One's staff had the privilege of visiting this amazing cat shelter on 20 February 2025. We were deeply moved by the couple's dedication and the positive impact they have on the lives of these cats. In support of their

noble mission, K-One donated RM1,000 worth of cat food to help lighten the shelter's burden.

*K-One team visited and donated kibbles to the cat shelter. We can make a “pawsitive” impact for our furry friends.*

We are honoured to contribute to this incredible cause and hope that our support will inspire others to join and make a difference in the lives of these cats. The Ipoh couple's story is a testament to the power of compassion and the impact that individuals can have on their communities.

## Captured Moments from the Cat Shelter

*Warm greetings from Pn. Ramlah while the friendly feline residents were excited!*

*Living her best life surrounded by these adorable cats.*

*K-One staff is clearly getting attention as these furry friends gather around with tails waving high.*

*Looking for a furry friend? Meet the adorable rescued cats ready to find their forever homes. They can't wait to bring joy and love into your life. Adopt, don't shop!*

*Sharing her daily routine in making our community a safer place for all animals.*
